

BLAIRGOWRIE YACHT SQUADRON

BYS Marina Rules – Quick Guide

Please read the full Marina Rules on our website – but here is a quick summary

Why we have Marina Rules

- To ensure the safety, amenity and peace of mind of all pen occupants.
- We care about our marine environment
- We are required to, under our Planning Permit and approved Operating Environment Management Plan

Summary of some key Rules

- Maximum speed in the marina is 5 knots, walking speed. Do not create any wash or wake
- Keep right in the fairways
- No litter of any kind over the side – please take your litter to the skips in the car park
- No discharge from any sink, shower or toilet. You must have a holding tank if you are going to use any of these on board.
- No major works or maintenance works or major in water cleaning is allowed
- Any spillage or leakage of any fuel or contaminated bilge water or grey or black water are to be reported to the Marina Manager immediately
- No overhangs or items such as bicycles or sails to be left on the main walkways
- Ropes, hoses, leads etc not in use are to be stored carefully on the finger not the walkway
- All boats must be registered and insured
- Any damage to the marina or another boat is to be reported to the Marina Manager immediately
- Security of all vessels is the responsibility of the pen occupant. The pen occupant is responsible for all lines and fenders.
- Only Contractors registered with BYS may work on boats in the marina or BYS yard.
- The Marina Manager is responsible for all decisions regarding the application of the rules
- For full details of the Marina Rules please see www.bys.asn.au
